

Table Rock Lake Community Foundation Grant-making Program for 2019

The primary role for the Table Rock Lake Community Foundation (TRLCF) is to establish endowed funds for the purpose of funding a community grant-making program, which addresses the most important needs of the community at any given time. This flexibility is made possible by charitable donors who have established funding programs and have placed the decision-making action in the hands of community leaders serving on the TRLCF Board of Directors.

Grant requests are accepted periodically for study by the Grant Committee. Grant recommendations are then made to the Board of Directors for funding, which, if approved, will be given out as soon as possible. The amount available for grant distributions varies from year to year. Accordingly grant applications for 2019 will generally be considered in amounts less than \$3,000.

The Grant Committee will accept for consideration proposals from non-profit 501(c)3 organizations, schools, and governmental agencies, in Stone or Southeast Barry County. Grant requests from individuals will not be considered.

The TRLCF has a primary interest in supporting institutions and projects that provide vital community services. The TRLCF will consider applications for operating expenses if the applicant can demonstrate how the grant will help stabilize the organization and will implement plans to achieve sustainable funding on a continuing basis. The TRLCF also has strong interests in projects that provide innovative solutions for existing and emerging community needs as well as projects, which encourage collaboration between local organizations. While these are areas of strong interest to the TRLCF, requests need not be limited to these interests.
